About Us

For more than 35 years, Invento is synonymous with imaginative fun and leisure activities, for a liveable world, for young and old, indoors and outdoors. As an antipole to an increasingly hectic everyday life, people today are looking for leisure activities that focus on fun, relaxation and deceleration. Invento is prepared for these expectations and shapes the leisure time of young and old in many ways and with an exceptional product range.

Kites, windspinners, toys - the Invento range includes exceptional, innovative and high-quality products that have a touch of something special. With our products, we improve people's well-being to better meet the ever-increasing challenges of everyday life.

„HQ“ - Created For Fun, Engineered To Last:

With our „HQ“ umbrella brand, we hold a leading position worldwide in the markets for Kites and Windspinners. Due to high quality standards, good customer service, a versatile product range and the development of products by our own German team, Invento differs from its competitors and creates a lasting confidence in the performance of our products.

Toys - „Invento just play“ and brands from all over the world:

Our own toy ranges under the umbrella brand „Invento just play“ stand for extraordinary playing experiences and high quality standards. With a passion for products beyond the ordinary, we complement our own product lines with a variety of well-known brands from all around the world. Let us take you on a discovery trip through our exciting catalogues.

Spare parts and repair service for HQ kites

With a kite from HQ, consumers rely on the highest quality in kite sports. Nevertheless, under harsh operating conditions, damage can occur or parts can be lost through inattentiveness.

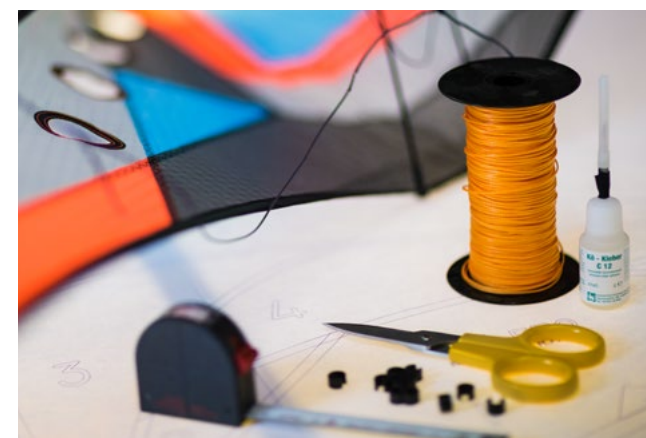

For this reason, Invento offers dealers and end users a comprehensive spare parts and repair service if something breaks or the question arises whether a repair is worthwhile.

Should you have any questions with respect to spare parts or repair service, do not hesitate to contact us. Many spare parts can be ordered directly from the online store. We handle the shipping of replacement parts or the repair of an HQ kite by qualified specialists as quickly as possible.

Interested in our kite and wind spinner collection?

Simply request our catalogues for kites and wind spinners by calling +49 (0)4402 9262-0. You can also find information about our catalogues on page 55.

Children's kites, bigger single-line kites or stunt kites from HQ - always the perfect choice.

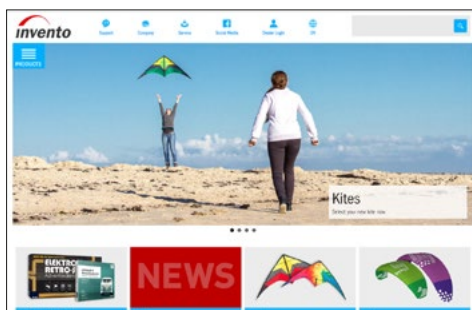

Invento Customer Services + Nature Protection

For us, service means more than just the timely delivery of goods at a reasonable price. We offer our customers a variety of helpful services:

Nature Conservation and Environmental Protection

As a long-standing partner of NABU, we have been actively committed to species conservation for many years by creating natural habitats for animals on our company grounds and promoting biodiversity. Since 2012, we have been generating electricity with a photovoltaic system, which was expanded to 50 kWhp after an energy audit. In 2024 alone, this initiative helped us save approximately 22 tons of CO₂, significantly reducing our environmental impact. Additionally, installed heat pumps contribute to further reducing the consumption of fossil fuels. Complementary measures, such as electronically controlled room thermostats and improved insulation, help us sustainably lower energy consumption and further reduce our ecological footprint.

► Addict-A-Ball

Addict-A-Ball is an impressive 3D maze game where you navigate a ball through twists and turns within a transparent sphere. Guide the ball from the maze's start to finish without it falling off. Despite a deceptively simple beginning, the maze becomes increasingly challenging, featuring stairs, slides and even a swing. The game lives up to its name, proving highly engaging and difficult to set aside once started.
